Certification of RECEPS Limited as Shimadzu Living Laboratory

We are pleased to share that RECEPS Limited has been certified as “Shimadzu Living Laboratory”, the first AI-assisted automation laboratory that combines Shimadzu’s leading hardware and all-encompassing software to create a single, central ecosystem that is future-proof for Analytical Transformation.

Currently, RECEPS Limited is equipped with the following Living Laboratory capabilities:

1. **Living Instruments™** – Advanced i-Series and Nexis GC
2. **Living Algorithms** – Method Scouting Solutions, i-PDeA II, i-DReC, i-PeakFinder
3. **Advanced Reporting Tools** – MultiDataReport
4. **Unhindered Data Accessibility** – LabSolutions CS Network
5. **Automation and Integration** – Smart Automation Kits

As our valuable Living Laboratory customer, RECEPS Limited will receive an enhanced level of service, benefits, and privileges, including:

1. Priority support and expedited assistance for any queries
2. Continuous engagement with RECEPS Limited’s Analytical & Digital Automation Journey
3. Special invitations to VIP events and gatherings hosted by Shimadzu

We are committed to supporting your success by continuing to drive digital transformation, deliver the best value, and meet your needs to help you stay ahead in the ever-evolving digital landscape.

Thank you for your continued trust and support.
