

RECEPS
Science towards Excellence

RESEARCH & DEVELOPMENT BUILDING

RECEPS LIMITED

A JV company between Visakha Pharmacy Limited and APIIC, is a pharmaceutical R&D center specializing in Chemical and Analytical Research. It develops safe, cost-effective technologies for intermediates and APIs with advanced facilities and expert scientists.

Technical Capabilities

Analytical Services

- Advanced Analytical Solutions (AAS).
- Method Development, Validation & Verification.
- Risk Assessment & Confirmatory Testing.
- Regulatory-Compliance Product Testing.
- Forced Degradation Studies & Degradation Pathways.
- Impurity Profiling & Evaluation.
- Genotoxic & Nitrosamine Evaluation.
- Elemental Impurities Studies as per ICH-Q3D.
- Solid State characterization & Particle Size Distribution.
- Polymorphic Screening, Quantification & Intellectual Property (IP) Evaluation.
- Comprehensive Stability Studies in ICH climatic zones (I, II, III & IV).
- Advanced Structural & Impurity Characterization.
- Extractables & Leachable Studies.
- Qualification of standards.

Chemical Research & Development

- **Contract Development and Manufacturing** - Driving Innovation in Pharmaceutical Research & Development.
- **Contract Research** - Discovery and Early-stage support, Flexible CRAMS & CDMO models to meet evolving needs.
- **Active Pharmaceutical Ingredient** - Optimization of synthetic routes for scalability, sustainability, and regulatory compliance.
- **Advanced Intermediates** - Starting Materials and advanced intermediates development.
- **Custom synthesis** - Exclusive, on-demand production of specific chemical compounds tailored to a client's unique requirements.
- **Genotoxic & Nitrosamine Assessment** for regulatory submissions.
- **Reference Material Producer (RMP)** - Production and characterization of high-quality reference materials to support regulatory submissions and global compliance.

Intellectual Property Management

- Patentability analysis.
- Prior art search.
- Patent Non-infringement opinion.
- Patent invalidation Studies.
- Patent landscape.
- Freedom-to-Operate Analysis.
- Polymorph patent analysis.
- Patent drafting, filing and prosecution to grant.

Quality and Compliance

- Quality, Compliance, GMP and Audit Management.
- Audit Management & QMS Reviews – Internal Audits, Regulatory Inspections and Customer Audits.
- Data Integrity and ALCOA ++ evaluations.
- Computer system validations and electronic data controls.
- CAPA Implementations & Evaluations.
- Gap assessment – Facilities and Products, GLP and GMP compliance.
- Sustaining a culture of compliance.
- “Lessons Learned” strategy is an integral part of our quality culture.
- Quality Data Governance.
- Continuously monitor and maintain various aspects of the Quality Management System (QMS).
- Periodic reviews and proactive improvement of the QMS.
- Building Trust with Exceptional Quality.

Kilo lab for small-scale production and process familiarization.

Note : # will be operate soon.

Why choose us ?

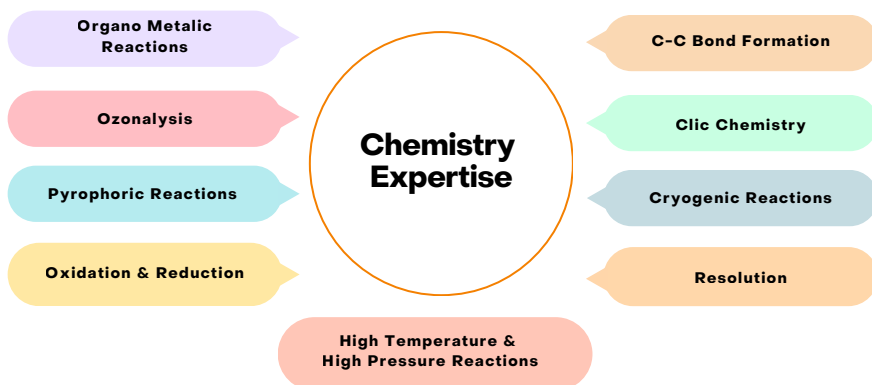

- ✓ **End-to-End Solutions**
- ✓ **Global Regulatory Alignment**
- ✓ **Experienced Scientific Team**
- ✓ **Development & Manufacturing Support**
- ✓ **Cutting-edge Infrastructure**
- ✓ **Experienced Scientific Expertise**

API Technology Readiness

Name of the Product	Therapeutic Category	CAS. No.
Apixaban	Anticoagulant Factor Xa inhibitor, Cardiovascular	503612-47-3
Ivacaftor	Cystic fibrosis transmembrane conductance regulator (CFTR) Potentiators	873054-44-5
Mesalamine	Anti-inflammatory	89-57-6
Mirabegron	Beta3 Agonists (To treat the Overactive bladder (OAB) symptoms)	223673-61-8
Ormeloxifene. HCl	Selectiveestrogen receptor modulators	51023-56-4
Prasugrel. HCl	Antiplatelet agents	389574-19-0
Rivaroxaban	Anticoagulant Factor Xa inhibitor, Cardiovascular	366789-02-8
Tolvaptan	Vasopressin V2-receptor antagonist antagonists (To treats Hyponatremia)	150683-30-0
Tafamidis & Tafamidis meglumine	Transthyretin stabilizers	594839-88-0 951395-08-7

Pipeline Products: Fezolinetant, Resmetirom, Iptacopan, Sparsentan, Bexagliflozin.

Note: Intermediates and starting materials of corresponding API's are available.

Accreditation *

- CDSCO
- NABL
- ISO 9001:2015
- Regulatory standards such as USFDA, MHRA, and others

Note : * In progress.

Infrastructure

- State-of-the-art Chemical Laboratories
- Kilo Lab
- Advanced Analytical Instruments with Hyphenated analytical techniques.
- Robust Quality Control and Analytical Testing Infrastructure.

Business Models

➤ **FTE (Full-Time Equivalent)**

➤ **FFS (Fee for Service)**
